

GOODBYE TIME CLOCKS, HELLO EASY + CUSTOMIZABLE TIME TRACKING

Manually entering employee hours into payroll is too cumbersome for a busy business owner. Let's fix that.

Our Time & Attendance software add-on is the perfect match for your payroll software. With Time & Attendance, employees log hours into their employee portal. After you approve their hours, it's one click to send them straight to payroll.

Our Time & Attendance add-on lets you:

- ✔ Give hourly or salary employees a way to record work and time-off hours
- ✔ Create custom overtime rules to stay compliant with state or company policies
- ✔ Geotag locations on employee time punches
- ✔ Weekly, biweekly, semi-monthly or monthly time cards
- ✔ Assign Managers to approve time cards for direct reports
- ✔ Seamlessly integrates with payroll

Eliminate the need to manually enter hours worked into your payroll software, streamline time card approval, and more with our Time & Attendance integration.

Please feel free to reach out for more information. We look forward to simplifying your time tracking responsibilities!
